Does your child struggle with understanding the emotions of others?

Join Aspire Kids for Flexible Friends! Kids ages 9-11 will have the opportunity to improve their ability to connect with others through interactive activities and games that focus on social skill concepts using Michelle Garcia Winner’s Social Thinking™ Curriculum. Flexible Friends will help kids understand their emotions, and those of others; think in a more versatile manner; read other’s body language; understand sarcasm; and learn how to start and sustain conversations.

This group is facilitated by a Speech Therapist and it costs $240 for an 8-week series. Please contact Debby Mayo to schedule a 30-minute intake, which will be held on January 7, 2015. Please RSVP to Debby at 708-236-0979, ext. 3103 or dmayo@aspirechicago.com.
