Q2 If compliance with official guidance does not allow us to safely open schools in the traditional manner for full-time in-person instruction, we will need to modify the instructional program. Please let us know which instructional design you are more comfortable with:

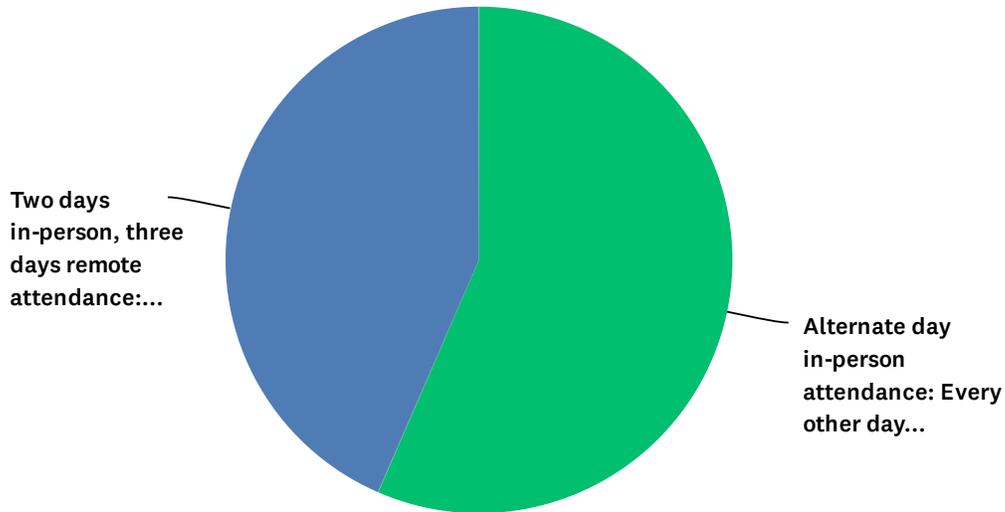

Answered: 678 Skipped: 7

ANSWER CHOICES	RESPONSES	
Instructional Design 1: Full-time remote learning, with daily virtual lessons and tasks to start the school year (i.e. students receive instruction remotely at home from classroom teachers including regular, live teaching).	11.06%	75
Instructional Design 2: Blended remote learning model, with alternate days in-person learning and remote learning (i.e. each classroom of students split in two groups to reduce school/classroom density, with students learning both remotely and attending school in-person by group) .	88.94%	603
